 Comment:

a. Most of the trains are believed to have carried supply shipments from the Soviet Union.

b. The report is the first to state that troops were shipped to WEISSWASSER via GUBEN. According to a previous report, large-scale tank practices were allegedly held in the area south of WEISSWASSER in early October 1949 \*. As none of the pertinent reports indicates that units of the Group of Occupation Forces Germany held large-scale exercises in the WEISSWASSER area, it is not considered improbable that units of the Northern Group of Force practiced there
